MOVIES ARE TAKEN OF SMALL SIGNING ROAD BOND MEASURE

Bill for 100 Road Maintenance Police Also Signed

(By The Associated Press)
SPRINGFIELD, Ill., June 29.—Roads and automobiles held the front of the stage in Governor Small's consideration of proposed legislation today. He signed his \$100,000,000 road bond issue measure as moving picture cameras recorded the action and placed his signature to a bill revising the state motor vehicle law. He also gave his sanction to a bill authorizing the appointment of 100 road maintenance police and to several minor bills affecting roads and motor vehicles. While the road and automobile bills were sailing along without hitch, the state pension bill failed to get by the governor's pen. This bill introduced by Representative Dahlberg of Chicago provided a pension not to exceed \$1,200 a year for all classified civil service employees, 55 years old or over who have served the state 20 years. At the end of the day the governor had disposed of 287 bills. There are still 71 bills either to be signed, vetoed or to become law without the governor's signature before the legislature meets in final session tomorrow afternoon. The new road bill designed to build approximately 4,000 miles of hard road, had its inception early in 1922. By February 1923, the plan had taken such definite shape that Governor Small recommended it to the legislature in his biennial message. The bill was introduced in the senate April 18. It was amended by both houses and was reported out of committee favorably June 7. Must Be Voted On The bill must go before the people for action at the general election in November, 1924. Senate Bill 311 providing for 100 additional road police is considered an important measure in state circles. The appointees, under the law will have the same powers possessed by policemen and sheriffs. They will be provided with uniforms, motorcycles, badges and other equipment by the state. Their pay is to be \$150 a month. Senate Bill 422, signed today, revises the motor vehicle law in regard to weight of vehicles and license fees of trucks. It prescribes 35 miles an hour as the speed limit outside of cities and requires a driver who injures a person to stop and give his name, number and address to the person injured, or the police. Three house bills, signed today, require an automobile owner to file application for a state license within 24 hours after he buys the car, appropriate \$4,025.632 to reimburse counties for building roads taken over by the state and extends the provision permitting vehicles loaded with agricultural products to be eight feet wide to threshing machines and other agricultural implements.

TWO KILLED AS GREEK FACTIONS FIGHT

(By The Associated Press)
CHICAGO, June 9.—In a revolver fight in which more than fifty shots were fired by rival factions of Greeks and panic was spread thru the crowded Hull House district Tony Viesardis, a cripple, and George Chaurukas, known as "King George" of the Greek colony were shot and killed today. George Garlins, a participant in the fighting was identified by witnesses as one of those doing the shooting and was seized by reserve squads of police hurrying to the scene as he still held a smoking pistol in his hand. Today's pistol fight was the second disturbance of its kind in two weeks, two men having been wounded in a fight near the same spot where today's battle occurred. The police were investigating reports that the fight had its origin in Greek political factions and that it was the result of a controversy here recently when a new bishop was installed in a Greek Orthodox Church here.

TORNADO HITS KANSAS TOWN

Hutchinson, Kans., June 9.—According to meager reports reaching here at midnight, a tornado struck the town Wright, just east of Dodge City, in Ford county early tonight. No report of damage could be obtained as all wires to the town were down. A Santa Fe freight train was reported as "blown off the track."

FIRE DESTROYS FORMER ARMY

Rockford, Ill., June 29.—In a fire today which destroyed the former state armory at Sterling now used as a garage and which damaged adjoining buildings loss to Sterling's automobile row amounted to \$42,000.

STATE PENSION BILL VETOED BY SMALL YESTERDAY

Governor Says Scheme Proposed Doomed to Failure

(By The Associated Press)
SPRINGFIELD, Ill., June 29.—On the ground that the scheme proposed in the state pension bill passed by the 53rd general assembly "is doomed to failure" Governor Small today vetoed the bill. While he refused to give sanction to this method of pensioning, he advised state employees to examine the teachers' pension plan and other pension acts with a view to introducing another pension bill at the next session of the legislature. The vetoed measure, introduced by Representative Dahlberg of Chicago applied only to civil service employees. It provided a pension of not to exceed \$1,200 a year to employees who had been in service at least 20 years when they reached 55 years of age. The fund was to be created by deducting three per cent yearly from the salary of the employees. In his veto message the governor said it seemed unfair to limit a pension act to civil service employees. "The principal objection to this act, however," the governor said, "lies in the fact that upon its face it presents a scheme which is doomed to financial failure. The pension fund provided for by this act would be obtained by deducting three per cent from the salary of each employee under civil service. There is no other source or source of revenue contemplated by this act, except the remote possibility of receiving gifts or donations from third parties. These observations made it clear that the pension fund on its face would eventually become insolvent and inoperative. The pensions provided for by the act could not be paid out of the contributions made by the individual employees."

FRANCE VOTES CREDITS FOR RUHR OCCUPATION

(By The Associated Press)
PARIS, June 29.—Enthusiasm such as is seldom witnessed in the senate was aroused by Premier Poincare today when at the end of a stirring speech asking the upper house to vote the credits necessary for the Ruhr occupation he informed the temperate and spiritual powers that, although France had been loathe to have recourse to force "now that measures of coercion have been instituted they will continue until Germany surrenders." The members of the August assembly, arose, cheered loud and long and then voted the credits for 307,000,000 francs, without a dissenting voice. With much emotion the premier referred to Germany's financial situation as becoming more grave daily. "The Reich," he said, "is turning in a most frightful, vicious circle without making any attempt to emerge. She is banking upon a miracle to save her from actual ruin, but miracles are rare. Not a single day passes but German industrialists are attempting to meet our own business men or politicians. "I am invariably informed of these moves; we shall fall into no more traps."

URGES HARDING TO BROADEN APPEAL

(By The Associated Press)
NEW YORK, June 29.—Urging President Harding to broaden his appeal for a reduction in the cost of living William R. Bassett, member of Secretary Hoover's committee on elimination of waste in industry today sent a telegram to President Harding requesting that he urge manufacturers to increase their efficiency and thereby lower costs to the public. Pointing out that the Hoover commission had in many industries reduced costs 50 per cent Mr. Bassett proffered his services to any presidential movement to bring about economic stabilization.

FORMER PROHIBITION OFFICERS INDICTED

Chicago, June 29.—Roscoe C. Andrews, former federal prohibition director, John E. Early, former head of the enforcement division of the local prohibition office and nine others were indicted by the federal grand jury today in connection with the distribution among stockholders several weeks ago of the liquor stocks of Grommes and Ulrich, liquor dealers.

ANTHRACITE MINE WORKERS DEMANDS

Seranton, Pa., June 29.—The demands of the anthracite mine workers to be presented to the coal operators were adopted by the miners' convention held today as submitted by the scale committee except that the increase of one dollar a day for men paid by the day was amended so as to make the increase two dollars a day. The convention then adjourned finally.

LITTLE STOCKING OF COAL AMONG MANUFACTURERS

Output, However, Only Exceeded by War Period of 1918

(By The Associated Press)
CHICAGO, June 29.—With the exception of the railroads the stocking of coal expected to follow the shortage of last winter has not materialized among manufacturers, the federal reserve bank of Chicago declared today after receiving reports from all points in the district. Despite this the bank announced the present rate of the output at the mines continues at a level which has been exceeded at this season only under war stimulation during 1918. Since the second week of May when a general decline in production was checked the weekly output of soft coal has risen to as high as 11,000,000 tons and has been maintained well in excess of the 10,000,000 ton mark with one week's exception. During the calendar year to June 9, the total output of coal amounted to almost 242,000,000 tons, or approximately 1 per cent above the average for the same period of 1919, 1921 and 1922. "Altho the cold weather and some stocking of domestic sizes have sustained the demand for anthracite, production during the greater part of early June fell slightly below the level of 2,000 tons per week. The total output for May has been estimated at approximately 8,572,000 tons."

LINER MAJESTIC HAD PLENTY OF LIQUOR ON ITS HOMEWARD TRIP

Smugglers Kept Bar Steward Busy Mixing Cocktails

(By The Associated Press)
LONDON, June 29.—The steamship Majestic, which arrived in Southampton this evening from New York had anything but a dry eastward trip from New York, according to the Daily Mail. The newspaper says that, altho the liner sailed without intoxicants, except those it took under the seal of the ships doctor, she had not gone far before wines and liquor of all sorts and even a large number of bottles of beer began to make their appearance. Innocent looking trunks of passengers were found to be full of drinkables. The bar steward, the Daily Mail continues was kept busy making cocktails with smuggled liquor. Some of the passengers, obedient of the law had taken nothing aboard to drink but the "smugglers" were generous while their supply lasted. The Daily Mail says the reporters tried vainly to get Andrew W. Mellon, the American secretary of the treasury, to talk about prohibition. Asked whether it was true the United States intended to seize ships carrying liquor into American waters Mr. Mellon is said to have replied that this report was a pure invention.

ASSEMBLY TO ADJOURN SINE DIE

(By The Associated Press)
SPRINGFIELD, Ill., June 29.—The 53rd general assembly will meet in perfunctory and final session at 4 o'clock tomorrow afternoon to receive the governor's vetoes on bills he has had under consideration. The session, according to Speaker David Shanahan, who arrived today, will last "about twenty minutes" and will then effect sine die adjournment. A number of senators and representatives were in the city this afternoon, but it was believed only a small number of the membership would be present for the legislative requiem tomorrow afternoon. The governor tonight still had 71 bills to dispose of. A number of these will become laws without his signature, it was stated because of the short time remaining before the final session convenes.

STREATOR MAN ELECTROCUTED

Streator, Ill., June 29.—William Becker was electrocuted this afternoon while at work at the Streator Brick company plant when he grabbed a 440 volt trolley wire while standing on a metal car. He attempted to change the trolley of a portable electric excavating machine. He is survived by his widow and nine children.

SAN BERNARDINO SHAKEN BY QUAKE

Los Angeles, Cal., June 29.—The city of San Bernardino was shaken by a severe earthquake shock late today, according to telephone messages to Los Angeles Times. No serious damage was reported.

Relief For Foreign Ships With Congress

Ships With Congress

(By The Associated Press)
WASHINGTON, June 29.—Blocked by objections from abroad in its efforts to negotiate a prohibition treaty with the maritime powers, the administration is preparing to leave in the hands of congress any further move to relieve the foreign shipping lines of their embarrassments under the American dry law. Whether administration officials even will go to the length of advising revision of the law is uncertain in view of all the circumstances which now surround and beset the prohibition issue. A government spokesman did make it entirely clear today, however, that if the treaty proposal goes by the board, the foreign ship interests must rest their final hope of relief on the doubtful prospect of action by a majority of congress. In the meantime, it was announced there remains nothing for the executive branch of the government to do but to enforce, with whatever means it finds at its disposal the provisions of the statute as they now exist as they have been interpreted by the supreme court and as they have been translated into administrative regulations by the treasury department. Cannot Go Further Beyond this government officials would not go. They insisted that no amount of comment could make clearer the position they had taken. The details of enforcement they said must work themselves out as the situation develops. But they left no doubt that the proposal to seize offending ships as well as the liquor they carry in American waters still remained in the offing and would be summoned to the aid of enforcement authorities should necessity demand it. There was no attempt to conceal the keen disappointment of the state department at foreign Secretary Curzon's statement yesterday in parliament, apparently spelling complete failure for the American treaty plan which would have permitted foreign ships to bring in liquor under seal and at the same time would have extended to 12 miles from shore the right to search and seize suspected rum runners.

NEW RULING MADE BY FEDERAL RESERVE BOARD YESTERDAY

Prohibits Receiving Checks on Which Fee Is Demanded

(By The Associated Press)
WASHINGTON, June 29.—Extending the scope of their par collection arrangement, the federal reserve board in a ruling announced tonight prohibited the federal reserve banks in the future from receiving on deposit or for collection, checks drawn on banks which demand a fee for collections. By the same ruling the board required the banks to make a collection charge not exceeding one-tenth of one per cent on checks, which bear the endorsement of, or are drawn by or emanate from any non-member bank, which refuses to remit at par. With the announcement the board issued a formal statement of its policy respecting the clearance of checks in which it declared that banks which did not participate in the par collection arrangement should not be allowed to benefit from it. The arrangement, the statement asserted, is entirely voluntary and based upon a system of reciprocity and in view of the recent decision of the supreme court on the question the board said it is certain the federal reserve banks cannot pay exchange. Halifax, N. S., June 29.—Bands of masked men today made several raids on steel plants here where a strike is in progress. The raids followed several clashes with the police last night and the stoning of a magistrate who attempted to read the riot act. Sydney, N. S., June 29.—Bands of masked men today made several raids on steel plants here where a strike is in progress. The raids followed several clashes with the police last night and the stoning of a magistrate who attempted to read the riot act. Iowa Falls, Iowa, June 29.—A special train carrying 250 soldiers from artillery and infantry units in the garrison, left this afternoon for Sydney where disorders have occurred in connection with the steel workers strike. Aurora, Ill., June 29.—George Karnes, 9 year old son of Thomas Karnes, a Lisbon, Ill., farmer, lost his right eye and a piece of brass pierced his brain when a dynamite cap the boy touched with a lighted match exploded. Doctors think however, that the boy will survive. Two fingers and the thumb of the boy's left hand were blown off in the explosion. He found the cap in a barn on a farm where he was visiting. The cap was used in blasting tree stumps. Iowa Falls, Iowa, June 29.—Officials through central Iowa have been notified to be on the lookout for bandits who entered the Federal building here this morning and escaped with \$3,000 in stamps and money from the vault in the postmaster's office. Rockford, Ill., June 29.—"Dead" for 10 minutes after birth, Thursday night, a child born to Mrs. Harry Magnusson at Stillman Valley, is alive today as a result of an injection of adrenaline into the infant's heart muscles, followed by the use of artificial respiration, according to a physician of that village. The baby, a girl, is doing well today the physician said.

PARLIAMENT OF RUSSIA PROPER HELD MEETING

Will Form Cabinet of the United States of Russia

(By The Associated Press)
MOSCOW, June 29.—The parliament of Russia proper met today preliminary to the gathering on July 5 of the new executive committee of the United States of Russia, including all the nations in the Russian federation and their allies. The July gathering will name a new council of commissars who will form the cabinet of the United States of Russia, and thus be superior to the commissars of Russia proper. It will also decide the system of government which will include a parliament of two chambers. The new commissars, it is understood will be largely the same as in the present body, with Nikolai Lenin still as the head, despite his illness. Some of the minor cabinet posts may go to Ukrainians and others of the federated states.

FIGHTING FOREST FIRE IN VIRGINIA

Norfolk, Va., June 29.—Every man who can be procured is being engaged by lumber interests and others to fight a forest fire in Dismal Swamp which it was stated today, only a heavy rain can check. Many square miles of forest are ablaze and the dense smoke from the swamp drifted over Norfolk and Portsmouth and enshrouded Hampton roads in a pall almost as obstructive to navigation as a December fog. No estimate of the damage being done could be made this afternoon but it was thought it would be heavy.

DECREE OF DIVORCE SET ASIDE BY JURY

White Plains, N. Y., June 29.—An interlocutory decree of divorce granted to George C. Davidson, former mayor of Baltimore and former president of Baltimore Trust company, was set aside by a jury today after hearing a retrial of the suit. Mrs. Davidson is a sister of Miss Clara Noyes, president of the American Red Cross.

COMMISSION WILL PROBE DIFFERENCES IN FREIGHT RATES

Quite a Difference Between Long and Short Hauls

(By The Associated Press)
WASHINGTON, June 29.—An investigation to determine to what degree and under what circumstances railroads have made freight rates which involve transportation of commodities over long distances at less charge than is made on similar shipments over the same lines for shorter distances was instituted today by the interstate commerce commission. The commission's action is in compliance with a resolution of the senate passed in March which required railroads to report as to such rates. Rates which result in the application of a charge greater for short hauls than for long hauls over the same line and in the same direction are declared unlawful by the fourth section of the interstate commerce act, except in such instances as they may be approved by the interstate commerce commission. Permission to disregard the section have been obtained by railroads in a number of cases usually those in which a railroad system operates a circuitous route between two points which are also served by a more direct line. The longer line has then been allowed to make rates equal to those of its competitor on thru traffic, even while its rates to intermediate points have been held up to higher levels. Another source of violations of the section has been found in the reduction of rates by railroads to meet water competition, at sea coast and river terminals, in immediate ports being lost with rates which are in some cases higher for partial hauls than those charged on shipments which move much farther.

KU KLUX KLAN KIDNAPS REPORTERS

(By The Associated Press)
BURLINGTON, Iowa, June 30.—Two Burlington newspaper reporters, Philip D. Jordan of the Hawk-eye and Thomas Green of the Gazette were kidnapped last night (Friday) by the Ku Klux Klan. Some weeks ago a report was made for the Hawk-eye got wind of a Klan meeting and followed the cars of alleged members about eight miles into the country. He was stopped and permitted to witness the proceedings from a safe distance and later given an opportunity to interview Rev. Edwards of Cedar Rapids. Tonight Green attempted the same thing but tried to escape when he was discovered, was captured and held in a car near the "Flory Cross" while the Klan proceeded with its ritual. A later report was leaving the Hawk-eye building when he was hailed from a car and offered a ride. Accepting the invitation he stepped in, was seized and blindfolded and carried off into the country where he was placed with his fellow captive from the evening paper. Both men were given coffee and sandwiches and brought back to town unharmed.

CHARGE WOMAN WITH MURDER

(By The Associated Press)
MILWAUKEE, Wis., June 29.—Murder was charged against Mrs. Teresa Kordas, 31, in a warrant issued today following her confession that she caused the death of her son, Frank, 10, intentionally when she attempted to commit suicide by opening the gas jet in a closed room April 17 at the Kordas home. The woman claimed she had been ill treated by her husband and did not want the boy to remain to be abused. She is now under treatment, following a second attempt at suicide.

Lincoln, Ill., June 29.—Five thousand members of the Improved Order of Red Men of Illinois are expected here tomorrow for the convention of the Corn Belt Tribal Union, District No. 5, Improved Order of Red Men. An outdoor pageant and parade of pioneers will be features of the day.

GOES TO SPRINGFIELD

F. H. Edwards who has been in charge of the local revenue office for the past three months has been transferred to the Springfield office, effective July 1st. C. R. Sheffield who was formerly in the Jacksonville office will return and take charge on the same date. Charles A. Gridley, a prominent Virginia attorney, was a business visitor in Jacksonville Friday afternoon.

PRESIDENT HARDING MAKES EARNEST PLEA FOR PERMANENT COURT

Asks People of Montana to Use Their Influence

(By The Associated Press)
HELENA, Mont., June 29.—President Harding asked the people of Montana in an address at the state capital tonight to "give of their influence" to bring about American membership in the permanent court of international justice to the end that war may be avoided among nations. Concluding his prepared address on social order the position of women and the problem of labor, the chief executive made an impassioned plea for American adherence to the world court. Declaring he had been impelled by the thought that the United States should lend its strength and its power to measures of insurance against war Mr. Harding explained to his audience that he had reversed the natural order and instead of negotiating a compact for senate approval had asked the senate to approve initiation of negotiations to bring about American adhesion to the world court. "Believing this world court is a long step toward avoidance of world conflict," he continued, "I reserved the order and went to the senate for approval and guidance in negotiating for American membership I did this in the interest of team work which I believe in pressing all times." Arriving at the station here the chief executive and Mrs. Harding were taken for a drive about the city and to the United States Veterans' Hospital where they shook hands and spoke kindly words to the soldier patients. A public reception followed at a hotel and after dinner the presidential party went to Shriner's Hall, where Mr. Harding delivered his address.

BRASS COMPANY QUILTS WORK ON NEW WIRE MILL

Officials Declare State Unfair to Industry

KENOSHA, Wis., June 29.—Due to alleged unfairness of the state administration to industry the American Brass company thru its president, Charles H. B. Brooks, announced this afternoon that the company would defer all work on the erection of a great wire mill in Kenosha. The ground had been cleared for the erection of the building and contracts for a plant to cost more than a million dollars and to provide employment of from seven hundred to a thousand men had been let. The company, from Mr. Brooks which caused suspension of all work on the expansion of the industry in Kenosha said in part: "If the tax bill becomes a law or if it is defeated by a narrow majority our expansion will be in Illinois or somewhere outside of Wisconsin." The tax bill referred to was defeated by a majority of one vote and all work on the proposed expansion was stopped.

NEGRO IS GIVEN DEATH PENALTY

(By The Associated Press)
WACO, Texas, June 29.—Roy Mitchell, negro convicted and given the death penalty in six definite murder cases was sentenced this afternoon to hang on July 30. The mandate from the court of criminal appeals giving notice motion for rehearing was overruled, arrived in the afternoon mail and Mitchell was sentenced shortly after 5 o'clock. The date for the execution just covers the thirty days allowed the prisoner. Mitchell said he had nothing to say.

MURDERER OF OFFICER IDENTIFIED

(By The Associated Press)
ROCKFORD, Ill., June 29.—An itinerant, who early today murdered Patrolman Clarence Freuh of Freeport, and then himself was killed when in trying to escape on the policeman's motorcycle, it crashed into a curb, has been identified by Bertillon measurements as Tony Massud, wanted in St. Louis for the murder there of Policeman William Griffin, June 10, and of John Sargent whose auto a bandit gang used to escape, according to word from Freeport authorities.

WEALTHY CHICAGOAN DIES AT AGE OF 91

Chicago, June 29.—Malcolm McNeil, wealthy president of the McNeil and Higgins wholesale grocery firm, died today at the age of 91. Mr. McNeil, a pioneer Chicago business man was born in Andrie, Scotland, in 1832. He settled in Dundee, Illinois, with his parents in 1848. He conducted a grocery store in Elgin, Ill., before coming to Chicago. Mr. McNeil was 84 when he married the second time.

GOVERNMENT ASKS RATIFICATION OF NAVAL AGREEMENT

Would Approve That Part as to Neutrals on High Seas

(By The Associated Press)
PARIS, June 29.—In conformity with Article Eight of the French constitution, concerning the powers of the legislative executive in the ratification of treaties the government today deposited with the chamber of deputies a bill asking for ratification of that part of the Washington naval agreements which deals with the protection of neutrals on the high seas and the use of asphyxiating gas in war time. The measure which is signed by the president of the republic, the premier and minister of foreign affairs, justice, finance, war, marine and public works who are entrusted with the task of presenting it and sustaining it before the chamber, calls for only one reservation, namely that treaty "should not be interpreted as modifying previously established between the signatory powers concerning surface ships or as imposing upon submarines navigating in conformity with such rules a regime other than that applied to surface ships. Article one of the bill reads: "The president of the republic is authorized to ratify and have executed if need be the treaty signed at Washington, February 6, 1922, between France, the United States of America, the British Empire, Italy and Japan, relative to the protection upon the seas in war times of the lives of neutrals and non-combatants and the use of asphyxiating gases in war." Ratification of the bill will take its regular place on the chamber agenda. While there is no chance of its coming up for discussion before the July recess the French signatories of the Washington treaties, former Premier Briand and M. Sarraut, feel that the first effective step toward ratification of the treaty has been made.

GOVERNOR WALTON TURNS TO OTTAWA CO.

(By The Associated Press)
OKLAHOMA CITY, Okla., June 29.—After lifting martial law from Okmulgee county with the exception of a 10 mile area around the city of Henrietta, Governor Walton today turned his attention toward Ottawa county in north-eastern Oklahoma where several nights ago a miner was reported seized at Picher by a masked band and subjected to an operation. National Guard troops relieved in Okmulgee county were being held in readiness for possible duty in Ottawa county. The governor said he would not decide what action he would take with regard to the situation in the latter county until receipt of an official report. George Thompson, 38 year old miner, is in a Miami hospital as the result of an operation alleged to have been performed upon him by members of a mob who seized him at Picher. Thompson had been acquitted on a charge brought by a girl. Thompson's condition is said to indicate that a man familiar with surgery wielded the knife. He is reported as saying that the man who performed the operation was called "Doc" by members of the band that held him.

PAPERS SERVED ON IMPERIAL WIZARD

(By The Associated Press)
FORT WORTH, Texas, June 29.—Deputy United States Marshal J. W. Chalke, tonight served injunction papers upon H. W. Evans, imperial wizard of the Knights of the Ku Klux Klan, to prevent his using the title of wizard or performing any of the functions of that office and to recover 100,000 damages. The papers were served on the imperial wizard while he was addressing a meeting of several thousand of the members of the Fort Worth Klan No. 101.

A THOUGHT

The beginning of strife is as when one leaveth off water; therefore leave off contention, before it be meddled with.—Prov. 17:14.

Unity, agreement, is always silent or soft-spoken; it is only discord that loudly proclaims itself.—Carlyle.

SNOW DRIFTS AND POWER

Snow and ice from the peaks of the Andes mountains are to be made to light the streets of Santiago and Valparaiso in Chile, to furnish the power for their industries and to operate the state railway between them.

This is said to be just a beginning in hydro-electric development now planned by Chile. American engineers, electrical equipment and machinery are all being employed in furthering the project.

A great deal must be done before those piles of cool and silent snow can be turned into roaring energy. The little streams formed by the melting snow are gathered into a single channel, diverted thru a canal winding five miles around the mountain sides and then sent thru steep pipes 600 feet down hill to the turbine engines which will generate the power.

It is a fascinating piece of work. Similar projects are being developed in many lands and under many difficult conditions. The old verse about little drops of water making a mighty ocean does not tell the whole story.

MORE WAR PLANES

The British government has announced its intention of adding 50 per cent to its air forces.

Though nothing is said about the matter, this strengthening of British air armament is meant as a defense against France, which has the most powerful air fleet in the world, maintained always in fighting trim.

It is also practical recognition of the fact, already recognized by France, that wars hereafter are likely to be fought and won in the air.

So the long-expected race for air supremacy is on. America, however, slow and unwilling to

face such a situation, may soon be forced to get into the game. There will be competition in battleplanes just as there was, for so many years, competition in battleships, until some new arms conference somewhere lays down an aerial race and limit, or until the powers come to some honest agreement to stop arming against each other altogether.

LIQUOR FROM ABROAD

The refusal of the United States to let foreign liquors come into American ports with liquor aboard, even though the liquor stores be sealed and guarded against abuse, seems to many Americans unfortunate. It looks like insisting on the letter of the Volstead Act rather than the spirit of it, carrying the enforcement law farther than its makers intended. And because such an extreme type of enforcement seems unfair to the other countries concerned, it is expected that the next congress will make a definite exception.

The refusal of Canada to cooperate with the United States to prevent the smuggling of Canadian liquor into this country is a different matter.

It is no justification that Canadian laws "do not prohibit the export of liquor to dry countries." The idea seems to be that the Province of Ontario does not want its bootleg stuff sold to its own people, but bids the bootleggers go ahead and make all the money they can by selling it to the Yankees.

This attitude was not expected of a good neighbor and a dry neighbor. It does not tend to promote good relations between two countries which have been the best of friends.

EDISON TALKS

Some farm-hand will bump into the great discovery in radio, predicts Thomas A. Edison. He continues:

"Everywhere the amateurs are raving over radio. Some one of them will wonder what would happen if he should try this or that, and presto, he has solved the question of the age. Just as a farm-hand from Geneva, N. Y., walked into the General Electric Co. president at Syracuse and showed him how to hook a locomotive up to a high-powered motor, something that has been baffling a corps of expert engineers day and night."

Invention is more chance and accident, the result of plain primitive curiosity, than of creative thinking. So is most individual success, most general progress.

The "stuff" is all there in nature, waiting for an inquisitive Paul Pry to notice it. If you want to invent the perfect airplane, study the perfect flier—the dragon-fly.

Specialists, even the best of them, get in a rut. They are so close to the mountain that they see only a small part of it. A light-hearted stranger approaches from a distance and, having had a general view, points out the path to climb to the top.

"When I get in a rut, I place the object of my experiments away in a pigeonhole and do not touch it again for two or three years," says Edison.

You have noticed that, when you have a very knotty problem, which you are unable to solve, the solution comes to you quite easily after you "sleep on it" and shove the problem aside from your tired mind and relax your concentration by a long sleep and rest.

That way, you "get" the problem. If you stick too closely to the problem "gets you."

Never fear your job. If you are apprehensive that the task is beyond your handling, you are inviting it to master you. In the long run, the quickest way out of the mess when your desk is cluttered with work may be to lock the desk and go away for the rest of the day—just to convince yourself that the job hasn't taken charge of you instead of you taking charge of the job. It restores your sense of power, of

ability. Dangerous psychology for a chronic procrastinator. Edison believes that, "as soon as college men are graduated, their brain folds simply reject all the knowledge they have picked up. They fall down on simple questions of dividing so many apples among so many children, things they have learned in the primary school."

That's quite natural. Most of the knowledge we acquire in school, we absorb for the purpose of getting through school rather than for later use. It soon leaves.

So much for today's visit with Edison. If he hadn't gone in for inventing, he would have made a great philosopher, in which direction he's done a pretty good job as it is.

LITERBERRY SOCIETY HAD MEETING FRIDAY

Missionary Society of Baptist Church in Regular Session—Other News Notes from Literberry.

Literberry, June 29.—The Missionary society of the Literberry Baptist church held a regular meeting Friday afternoon at the home of Mrs. S. W. Dinwiddie. Twenty-five were present.

A number of guests being included in the number. A business session was held during the afternoon, when a great many matters of business were given attention.

Mrs. D. K. McCarty gave a paper on "The Beginning of the Baptist church," and the other paper of the afternoon was read by Miss Freda Daniels.

Following the program came a pleasant social hour, when the hostess served a dainty two course luncheon.

News Notes

Mrs. John Guy and daughter, Miss Eleanor, will leave Saturday morning for Racine, Wis., where they will visit Mrs. Guy's brother, Claude Murray, and her son Delbert. The latter has been in Wisconsin for the past two years or more.

Mrs. Frank Hitchens and son returned Friday to their home in Ringwood after a week's visit with Mr. and Mrs. J. S. Hitchens in Literberry.

KU KLU KLAN SEND GIFT TO PASSAVANT

H. J. Rogers as a representative of the board of trustees of Passavant hospital recently received an interesting communication from the Jacksonville branch of the Ku Klux Klan.

The letter, which was received anonymously, was interesting because it brought with it a gift of \$100 for the hospital. The communication was signed Jacksonville Klan, box 298, and after reiterating some of the principles of the order the letter went on to say:

We believe in the principles taught by our Master, who said: "I was a stranger and ye took me in; I was sick, and ye visited me." We are confident that you are doing this great work for humanity.

We are strong believers in the common brotherhood of man, and are always ready to do our part, or even more if the occasion demands it.

To show our appreciation of the work you are doing for this community in so efficiently taking care of the sick and the poor, we wish to give you a small token of our hearty sympathy for the work Passavant hospital is doing.

Yours in the sacred unending bond.

Jacksonville Klan Box 298

An acknowledgement to the Klan was sent by Miss Ida B. Verner, superintendent of the hospital, expressing thanks for the donation and making the statement that the fund will be used for the benefit of the poor.

C. O. BAYHA IS IMPROVING HOME

C. O. Bayha residing at 818 South Main street is remodeling his home by adding two rooms above and putting in more modern improvements.

The house was built in 1854 by a Mr. McGinnis who was the father of Mrs. Mary Buckingham who now resides at 679 South West street and the interior and framework is all constructed of the best grade of white pine of a quality which it is impossible to obtain in these days.

Houses in those days were built like the wonderful one-hoss shay and several examples of the stability of these old buildings have been shown recently when they were under process of remodeling.

The brick work in the original house is still in the best of shape.

DEATHS

Turner

Archibald E. Turner of Paris, Illinois, passed away yesterday at the New Home Sanatorium. The young man had been gassed while serving in the army during the war and had never fully recovered. Two of his sisters, Margaret and Lula Turner, are nurses at the New Home Sanatorium. The body was removed to the Gillham Funeral Home where it was prepared for burial, and shipped to Paris.

McPherson

W. A. McPherson, a resident of this county for a number of years died at Passavant hospital at 6 o'clock Friday evening.

Decedent was the son of James B. and Nancy McPherson and was born in Brown county, March 12, 1848. Most of his life was spent in the state and for a number of years he was employed as a school teacher in Morgan county.

He is survived by two brothers, and three sisters, Orlando of Washington, D. C., Benjamin of Seattle, Wash., Mrs. Jane Hopkins, Topeka, Kan., Mrs. Lydia Johnson, Mrs. Sue Logston, Mt. Sterling.

Mr. McPherson was a member of M. B. Morse Lodge No. 346 A. F. and A. M. of Concord. He was a man highly respected by all who knew him.

The body was removed to the Gillham Funeral Home and prepared for burial. Funeral services will be held from Chapin Christian church at 2:30 o'clock Sunday afternoon in charge of the Rev. F. M. Crabtree. Members of the Concord Masonic lodge will have charge of the services at the grave. Burial will be in Jordan cemetery.

Kraus

The death of Mrs. Maudie Pol and Kraus occurred at Bremerton, Washington, where she has been a resident for twelve or fifteen years. Saturday evening, June 23 at 9:05 o'clock.

Decedent was formerly a resident of Morgan county and vicinity, being the daughter of James and Louisa Gunn Poland whose home for many years was in the vicinity of Ceres, in the north end of Greene county. She was born in that locality on September 23, 1878. About the year 1912 she was married to John Kraus at Seattle, Washington, her husband preceding her in death in 1917.

She is survived by her parents who now reside in Springfield, and the following brothers and sisters: Mrs. Ida Littleton, Springfield; Mrs. Dollie Elliott of South Prairie street, this city; Mrs. Cora Adair, Vancouver, B. C.; Mrs. Creta Monteth, Vancouver, B. C.; Jesse A. Poland, Springfield; Roy and Earl Poland and Mrs. Roberta Cassaway, all of Springfield.

Funeral services will be held at 9 o'clock Monday morning in the Bisch & Sons Chapel in Springfield and the remains will then be brought to Jacksonville for interment in Diamond Grove cemetery.

CONVENTION ECHOES AT ROTARY CLUB

Members Gave Informal Reports of St. Louis Meeting—Dr. Terry Sanguine about Woman's College Campaign Results.

Jacksonville Rotarians found the international convention a great gathering, according to the informal reports made at the Friday luncheon, held at the Pacific hotel. It was a program mainly of reminiscences wherein members of the club told about social features and the serious side of the convention.

Dr. Dollear, president of the club, called upon the following members to give convention highlights: W. W. Gillham, L. F. Randall, L. T. Hamilton, Dr. Charles Hopper, H. M. Capps, H. L. Caldwell, A. R. Taylor, E. M. Spink, E. E. Crabtree, H. L. Smith, R. W. Woolston, Carl Hook, B. O. Roodhouse, R. V. Brokaw, M. L. Pontius.

Incidentally it was mentioned that the Jacksonville club made a record by having the largest representation at the convention of any club in Illinois outside of Chicago. While at the convention all of the Jacksonville people were entertained at dinner one evening by E. A. Nixon, a former resident, and a letter of appreciation was sent by the club.

Dr. Terry of Salina, Kans., who has been working in this vicinity for a number of weeks on behalf of the Bi-conference movement and Illinois Woman's college campaign, spoke very briefly. Dr. Terry emphasized the thought that the "output" of the city is educated young men and young women, just as some other cities are famed for the automobiles that they produce or for some other article of manufacture.

The speaker said that the \$100,000 needed for the college is not yet in sight but that the workers have faith that the fund will be completed by next Tuesday night.

Another guest of the day was Richard Bell, who has recently returned to Jacksonville from Indianapolis. Walter A. Crawford was introduced as a new member of the club.

FIVE MORGAN COUNTY BOYS WILL GO TO CAMP

Plan to Attend U. S. Citizens Training Encampment at Fort Custer, Michigan.

Five Morgan county boys have signified their intention of attending the U. S. Citizens Training Corps encampment at Fort Custer, Michigan, during the month of August. Those who have signed up are: John Bolman, West College avenue; William Roberts, West College avenue; Clarence Kitzer, Woodson; John Reynolds, South Main street, and William Ramsdell, Franklin. It is hoped by Dr. Garm Norbury, who has charge of the recruiting end, that at least seven more boys will signify a desire to go within the next two weeks.

The camp lasts a month, which will be well filled with fun, and much hard work in making the soldier, such as infantry drill, camp sanitation, signalling, etc. Any boy over 17 who is physically fit may go. There is no cost to the young cadet. His railway fare to and from the camp is paid by his Uncle Sammie as well as the cost of his uniform, "grub" and "bunk" during the month.

The training is divided into three sections: the red, that is the beginners; the white, and the blue. One month is spent on each section of the course, it taking three summers' training periods to complete it. At the end of the training if the cadet has shown himself well he may be commissioned as a reserve officer, warranted as reserve "non-com" or may merely receive his ticket home.

WHITE HALL CHURCH TO HAVE SPECIAL SERVICE

Enlarged Edifice of Baptist De-
nomination to Be Dedicated
Sunday—Other News from
White Hall

White Hall, June 30.—Services have been in progress all week that will culminate next Sunday in the formal dedication of the enlarged church edifice of the First Baptist congregation. The speakers during the week in-
cluded Dr. George M. Potter, president of Shurtleff college, Alton; Dr. N. J. Hilton, Dr. E. P. Brand, Dr. Frank A. Reiser and Rev. Frank A. Dunk, the latter conducting song services. A sterling program will be carried out Sunday, notable speakers be-
ing on the program morning, afternoon and evening. The dedica-
tion will take place in the after-
noon, in connection with which there will be a song by Mrs. A. E. Meisenbach of St. Louis. At 10:45 a. m. "The Church as a Community Asset" will be dis-
cussed by Dr. Hilton.

The new edifice is on such modern lines and such an im-
provement that the original church is almost lost. The total dimensions are 60x72 feet, and has a seating capacity of 700. There are 11 class rooms, the men's department having accom-
modations for 125. There are all modern conveniences, including both city and well water, the lat-
ter being piped into the commodi-
ous kitchen. The basement has banquet facilities for 250. An-
other new feature is the leaded and raised baptistry. The entire cost will probably be held within the \$20,000 limit.

The Baptist denomination has always held a predominate place in the community in the extent of its following, but it is only now that the congregation takes a commanding place in point of facilities and equipment. This has been accomplished in the little more than a year since Rev. L. E. Ellison came here as pastor and set about on new lines that had for the general ideal in his work "Community Service." He devoted the necessary energy to the accomplishments of his ideals, following a survey of the church membership. The church organ-
ization dates from 1826, the vari-
ous ministers being as follows:

1826-1836—Elijah Dodson.
1836-1838—A. Bailey.
1838-1840—Calvin Greenleaf.
1840-1841—A. Bailey.
1841-1842—Joel Sweet.
1842-1845—William H. Briggs.
1845-1846—Porter Clay.
1846-1847—Elder Taylor.
1847-1854—Elijah Dodson.
1854-1858—H. T. Chilton.
1858-1860—B. B. Hamilton.
1861-1864—No record.
1864-1866—J. M. Wells.
1866-1867—N. N. Woods.
1867—George Cline.
1867-1871—B. B. Hamilton.
1871-1872—D. S. Starr.
1872-1875—Dr. Justus Bulkley.
1875-1888—B. B. Hamilton.
1888-1890—William Green.
1890-1892—H. L. Derr.
1892—Justus Bulkley.
1893-1895—J. T. Green.
1895-1896—William Green.
1896-1897—J. W. Harnly.
1898-1900—W. P. Clark.
1901-1904—J. M. Howard.
1904-1905—W. N. Lewis.
1906-1908—Ellis M. Jones.
1909-1911—B. F. Tilley.
1911-1915—W. R. Johnson.
1915-1919—John A. Simpson.
1919-1921—O. A. Carmean.
1922—L. E. Ellison.

The church is affiliated with the Carrollton Baptist association, and there are only two churches in the association that are older, those being the Kane church dat-
ing from November, 1823, and Winchester, reorganized in June, 1825. The organization of the White Hall church dates from Oc-
tober, 1826.

The White Hall Baptist church was constituted with seven mem-
bers in October, 1826, by David R. Chance, a minister residing in Marion county, Illinois. Chauncey Lee and Aaron Hicks were re-
ceived and baptized at this meet-
ing. Others of the organizers in-

cluded Mr. and Mrs. Henry Lee, Mr. and Mrs. Rogers. Only two churches in the Carrollton Baptist church are older than the First Baptist church of White Hall, these being the Kane church dating from November, 1823, and the Winchester church, reorgan-
ized in June, 1825. What is now known as the Carrollton Baptist church was constituted in this original White Hall church, then known as Henderson Creek church in September, 1827. It was then known as the North District as-
sociation, Friends of Humanity, a name adopted to indicate the anti-slavery character of the body. Meetings were held in a log cabin on Henderson creek, located about the present location of the bridge over Seminary creek, just south of the city. In 1844 a frame structure on South Main street was erected, concerning which Elder B. B. Hamilton commented that "it is the greatest display of successful financing in my knowledge." The Ladies' Aid society raised between \$300 and \$400.

In 1890 lots were purchased on Carrollton for the purposes of a more modern church, and in 1891 the erection began, being dedica-
ted in the autumn of the same year at a cost of \$6,000. It is from this structure that the present large structure emanates in such proportion that there is hardly any evidence of the 1891 structure, and is more in keep-
ing with the demands of a church with the large following and the consequent influence of such an organization as the First Baptist church of White Hall.

Visit from County Adviser

E. M. Phillips of Carrollton, county farm adviser, was in town Thursday in conference with the president of the Greene County Farm Bureau, W. S. Corra. Mr. Phillips later was interviewed by the reporter on the general agri-
cultural situation in Greene county, and he agreed that the only permanent solution of the farmers' problems is thru organization that will be representative of all the elements concerned in agri-
cultural pursuits. He pointed out the success of organizations along other lines as indicative of what can and is being accomplished thru the farm bureau.

Mr. Phillips was reminded of what a traveling man stated here last Tuesday that he did not know why in the name of common sense any one would want to live in a city if they could gain a liveli-
hood in the country, and that the farmers are awakening to their great power thru organiza-
tion. On this point Mr. Phillips stated that arrangements are now formulating for a drive in behalf of memberships in the Greene County Farm bureau, the first in three years. He says that the present membership in the county of Greene is 900, and that annual dues are only \$15.00, an item that members of organizations in other lines would look upon as exceedingly low. It was also stated by Mr. Phillips that the annual county picnic will soon be announced to be held in Gregory park at White Hall. He had expected to have the presence of Frank O. Lowden, but received a letter from the former governor Thursday morning, explaining his inability to come in August.

NARROWLY ESCAPED ELEVATED WRECK

Abert Spires travelling representative of the Ward Book Bindery who resides at 927 South Main street escaped the recent street car catastrophe in Brook-
lyn by just one train according to a letter received by his wife.

Mr. Spires' train arrived at the scene soon after the crash and he was a witness to all of the tragic sights at the wreck. He was re-
turning from a library in Brook-
lyn to New York City and the pas-
sengers on his train were all thrown from their seats when the motorman applied the emergency brakes to prevent the second train from being thrown into the Gulf.

He is duly grateful that he was on the second train as he states that the sights and the suffering were terrible to witness.

LARGE NUMBER ON CHICAGO EXCURSION

Over one hundred people of Jacksonville and surrounding ter-
ritory left this morning on the 1:47 and the 6:31 Chicago & Alton trains for Chicago where they will remain over the 4th.

This is one of the longest ex-
cursions that any of the roads running thru this city have ever given those making the trip be-
ing allowed to remain in the city until midnight Thursday, July 5th. They may return on any train specified on the excursion ticket at any time before then.

The Jacksonville tourists will see Chicago at the height of her glory on the 4th, visiting the ball parks, race tracks and a hundred and one other forms of amuse-
ment that go to make up the holi-
day sport of a great city.

Isn't It Worth Your Large- est Subscription?

America knows no higher author-
ity on the rights and privileges of American youth than the General Education Board at New York. Its members are experts of large expe-
rience who devote all their time to the conditions and needs of Ameri-
can educational institutions. When they inspected the accounts of Illi-
nois Woman's college they recog-
nized the almost unparalleled progress of the college and its urgent need of increased endowment and buildings.

The college entered upon a move-
ment two years ago to raise \$500,000 for added endowment, equipment and buildings. The General Education Board immediately announced that because of its progress and out-
standing importance they would give \$133,000 toward the proposed \$500,000.

This general conditional gift Illi-
nois Woman's college must meet, and it will. The income only from the endowment will be used. The prin-
cipal will remain in tact forever.

What we do or do not do by way of financial help now through this \$100,000 unit for Jacksonville will equip Illinois Woman's college for larger, better service, or it will cause it to retard. Increased financial resources are as necessary to Illinois Woman's college now as a founda-
tion is to the stability of a build-
ing. No college ever does or can make ends meet without adequate endowment.

Thousands of people over Central Illinois and beyond are looking to-
ward Jacksonville today—wondering what we are going to give toward this movement. To ask remotest sections to get under it is incon-
sistent unless we put our heart into it, our shoulders under the load, and give to our utmost ability.

This movement is our responsibil-
ity, our service to our city and our own, our privilege—certainly our gain.

We are not building for today only—we are not endeavoring for today only, but for tomorrow. From a selfish standpoint, we are equipping Illinois Woman's college for the largest best service for our own young women of Jacksonville. To keep our daughters home during college days will preserve the home circle longer and intensify the pleasures of home life. To give them the best is worth all it costs. Two hundred and forty young women from out of Jacksonville were registered this term. The college brings to our homes opportunities that come only to a college town.

Frankly now, what about it? Isn't it worth your help? Worth your best giving?

Hup- mobile

Satisfaction is per-
haps the one word which best describes the feeling of every Hupmobile owner.

Satisfaction—with the faithful way it performs the tasks he sets for it to do; with the fact that it requires next to nothing in the way of expert care and adjustment; with low costs that stay low all the year 'round.

Satisfaction, in short, because the Hupmobile always does the things he wants it to do in the way he wants it to do them.

TODD DOES NOT MINCE HIS WORDS

Emphatic in Stating Tanlac End-
Indigestion and Built Him
Up 10 Pounds

"Tanlac has put an end to my indigestion and built me up ten pounds, and if there ever was a day when I felt better, I can't remember it," declared John H. Todd, of Pine Street, East Gary, Indiana, a boilermaker for the Illinois Steel Co., recently.

"A few months ago I would have given anything to enjoy the heavy meals I do now, and I can't sit down to the table without feeling thankful to Tanlac."

"Before taking Tanlac, I didn't want to eat anything and the little I did eat caused sourness, gas, smothering sensations and heartburn. I was losing weight, suffering terribly from nervousness and headaches and I could scarcely sleep at night."

"I count myself lucky that I got Tanlac. I have a corking appetite now, nerves like iron, sleep right through the night, and when I am doing heavy work around the shop, I feel equal to the task every minute. Tanlac is a grand medicine."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

DR. THACHER'S GENEROSITY STIRS CITY

The whole city has been stirred by the unprecedented offer of the Thacher Laboratories to refund the purchase price of Dr. Thacher's Liver and Blood Syrup to anyone not helped by the first bottle.

Nothing like it has ever happened before. Only the most absolute confidence in the medicine's value makes this possible as result of hundreds of exacting tests in cases of constipation, indigestion, sour stomach, gas, boils, headaches, loss of appetite, sleeplessness and a general lack of strength.

Tired, depressed, half sick people are especially urged to take advantage of this rare opportunity to get back their lost vim, vigor and vitality—to realize again the joyous, happy feeling of rich, red blood coursing through their veins and a return of their old-time strength and health.

Get a bottle of Thacher's today and see how quickly you will begin to feel strength, ambition and former red-blooded enthusiasm return to you. Go to the nearest Thacher agent and ask for your bottle of Dr. Thacher's Liver and Blood Syrup.

The Thacher agent in Jacksonville is Coover Drug Company.

the party which numbered between thirty and forty people. They returned home late in the afternoon.

An Investment In Illinois Woman's College Will Bring Jacksonville Rich Permanent Dividends

A Business Man—

Dealing in hard facts, speaking to a body of keen business men, said:

"For when you are gone, all you are worth is what you have given away."

Jacksonville, your help is needed. But four days remain to complete this Movement for Illinois Woman's College—an issue more vital than any one not bearing responsibility in the educational world suspects.

Jacksonville has always appreciated Illinois Woman's College. Its value, spiritually, intellectually, commercially; its inestimable contribution through the years, with more years of service ahead than behind; its fine recognition of the General Education Board by its conditional gift of \$133,000, proving unquestion-

ably that those who know Illinois Woman's College best believe in it most—these are some of the facts that should strike fire at this urgent call of the College and should challenge us of Jacksonville to answer that call as one man.

Are we going to make it possible for Illinois Woman's College to go forward—to add more buildings, to draw more students from more sections to this center, to bring other residents to the City who in turn will make their contribution of life and money and service?

This Movement will make progress possible or, failing, Illinois Woman's College will be forced to retrench. **It must go forward!**

An investment in this Movement will pay back to Jacksonville rich, permanent dividends.

Kaufmann Hit Hard but Is Given Great Support—Blades Sustains Injury

CHICAGO, June 29.—Chicago pounded three St. Louis pitchers hard today and defeated the visitors, 11 to 4. North checked the scoring of the locals, Kaufmann was hit hard but was given some great support in the pinches the fielding of Elliott and Heathcote being especially good. Outfielder Blades injured his knee when he ran into the left field fence and had to retire in the third inning.

DEMPEY-GIBBONS FIGHT TO BE HELD

GREAT FALLS, Mont., June 29. (By A. P.)—The Jack Dempsey-Tom Gibbons heavyweight championship fight, twice threatened with collapse within the last two weeks, because of financial crisis has cleared the last hurdle and will be decided in Shelby, July 4th, as scheduled. The final guarantee was raised tonight from \$100,000 of Dempsey's \$300,000 guarantee was raised tonight from 20 influential business men of the state who pledged \$5,000 each.

George H. Stanton, president of the Stanton Trust & Savings bank who personally advanced \$50,000 to make Dempsey's second \$100,000 installment 10 days ago, made the positive announcement that the final installment had been raised and that it would be available in cash not later than tomorrow night. Mr. Stanton said that the money, however, would not be turned over to Jack Kearns, Dempsey's manager until Monday, the date on which the payment falls due. The raising of the \$100,000 is one of the most remarkable financing achievements in the history of glove fighting. After all plans had failed Mr. Stanton conceived the idea of appealing to 20 men throughout the state, most of them lifelong friends to save what he termed the honor of Montana, referring to the heavyweight championship battle at Shelby.

Going into a conference, Stanton and his associates began the task of sending out telegrams and in five hours after the work was started had received the pledges assuring the \$100,000. The conferences were begun this morning when it became evident that immediate action was necessary to dispel the doubt that had surrounded the fight since the condition of the finances was disclosed last Wednesday thru the resignation of Dan Tracy as business manager.

"It is my understanding," Stanton said, "that several automobile parties are already in the state enroute to Shelby having come for the express purpose of seeing the fight."

"It is our judgment that the northwest will put the fight over. The Dakotas, Wyoming, Idaho, Washington, Oregon and Western Canada will send at least 15,000 people to Shelby. It is quite possible that the fight will result in a loss due to the turn of events the last two weeks. We expect it, but it cannot be helped."

"The 20 men subscribing to the \$100,000 fund will receive their money from the first cash received from seat sales and will take over a one-third interest in the moving picture rights which was surrendered by Loy J. Molumby, the original promoter and Mayor Johnson, of Shelby, treasurer of the fight. The reason why he decided not to give the \$100,000 to Kearns in advance was to follow his lead and adhere rigidly to the contract."

"It is our opinion judging from Kearns' attitude, that he is not overly anxious to have Dempsey fight Gibbons and would like to get out of the fight. Dempsey is under contract to fight Gibbons on July 4th and we are going to see that he does it."

Coveleskie Handicapped by Poor Support—Leverette Replaces Cveengros in Fourth

CLEVELAND, O., June 29.—Chicago won the first game of the series from Cleveland, 5 to 4, here today. Coveleskie was hit hard and was handicapped by poor support. Cveengros became wild in the fourth inning and was replaced by Leverette who with the aid of good support staved off the Indian attack. The hitting of Strunk and Sewell and fielding of McClellan featured the game.

MURRAYVILLE PLAYS HERE ON THE FOURTH

The game which was scheduled for July 4th between the Jacksonville Indians and the Winchester American Legion team has been postponed until a later date and instead, the Murrayville team will appear for the first game of a five game series.

The Murrayville team has been beaten but once this season and as there has always been more or less rivalry between the two teams Sunday's game should be a chuck full of thrills.

Tomorrow the Thayer Nationals will be the opponents of the Indians at South Side Park and will present the following lineup: Carter, 1b; J. Bednarchek, lf; Wilson, 3b; H. E. Anglin, rf; Littlejohn, cf; Puma, 2b; Boyd, ss; Y. Dednarchek, c; Evans and S. Anglin.

It probably start his men as follows: Masinkoff, cf; Wheeler, 1b; Ruble, ss; Clark, c; Christopher, lf; DeFrates, 3b; Kohloff, 2b; Franch, rf; Panning, p; McGhee, utility.

Only a Freshman, But He's Sure a Pitcher!

FRANK TOWNE

(By NEA Service)
MIDDLEBURY, Vt.—Frank Towne is only a freshman—

But he has made baseball history in collegiate baseball circles around these parts.

And he did it by pitching a no-hit game!

Middlebury college was playing St. Lawrence university. Inning after inning, Frank retired the visitors in one, two and three order.

Three assists also were credited to him. The party ended with the score standing 5-0 in Middlebury's favor.

Towne is the last yearling who will have a chance to distinguish himself on the local college diamond. A rule barring freshmen from varsity competition goes into effect next fall.

Frank is a modest lad. Before matriculating at Middlebury, he had only a local reputation as a pitcher for his home town nine back in Fair Haven, Vt.

PHILLIES' CAPTAIN LOSES WIT BATTLE WITH UMPIRE

Goldie Rapp, captain of the Philadelphia Nationals, has had several run-ins with umpires during his career, but he insists the most unusual one was staged at Peoria, Ill., when he was a member of that club in the Three-I League.

"Joe Becker was the umpire in the game," explains Rapp. "The previous winter Becker had written a series of articles for a Chicago paper called 'My Experiences in the Bush Leagues.' Joe was a linotype operator on the paper and turned scribe for the time being."

"Having played in a number of leagues in which Becker had umpired I enjoyed a number of the stories, having figured in a few of them myself."

"On this particular day Joe was having a tough job of it. The crowd and the Peoria club was on his back as every close play seemed to go to the visiting club."

"In the fifth inning, after a home player had been called safe on a close play, there was much commotion in the first base section of the grandstand. A number of the players rushed over to see what happened. Becker, who was working alone, couldn't get the players back to their position despite repeated shouts of 'Play ball.'"

"I happened to be the next hitter. A few innings previous Becker had called me out on a third strike that I disagreed on. As I walked to the plate Becker remarked:

"What seems to be the trouble over there?"

"A woman fainted after you called that last one right at first. You can write a column about that one this winter," I replied. That finished me for the day."

"You can go over and help bring her to. You're too wise a guy to be wasting your time in a rotten game like this, answered Becker."

JOHNSTON DEFEATS VINCENT RICHARDS

WIMBLEDON, June 29. (By A. P.)—"Little Bill" Johnston of California, and young Vincent Richards of New York today demonstrated before King George and Queen Mary and 20,000 spectators that tennis created in England as a pastime, has been developed into a fine art in the United States.

In their match this afternoon to decide which should survive the fifth round of the world's tennis championship tournament, two masters of the racquet from overseas chased each other with such speed and skill; stroked with such marvelous technique; fought so hard and doggedly for precious points, that all the native critics came away saying that never in recent years had such perfect tennis been played upon a court in the British Isles.

Johnston won in straight sets—6-4, 6-3, 7-5—but in each he had to use his arm, head and feet to the best of his ability.

Altogether in the 31 games played Johnston scored 109 points and Richards 93. These figures give rather a fair indication of the comparative strength of the men.

Johnston seemed to know Richards' game better than Richards knew it and, with this advantage aided by harder hitting he was able for the first time to keep Richards on the defense in the back court not to give the Yonkers youth opportunities to approach the net and there to impart to the ball one of his killing volleys.

Richards, of course, occasionally did reach the net, to thrill the spectators either by smashing or a delicate volley, but Johnston was more often able to come up and give the ball a finishing bang.

PIRATES DIVIDE TWO WITH REDS

PITTSBURGH, June 29.—Pittsburgh and Cincinnati divided a 4-1 header here today. Luque's effective pitching enabling the Reds to win the first game 2 to 0 while the Pirates took the second 5 to 3. In the second game Bagby kept the visitors' hits well scattered, while his teammates hit timely.

Remarkable catches by Roush and Bigbee were fielding features.

MRS. MORIARTY WINS WOMAN'S TOURNAMENT

Mrs. Paul Moriarty, 1959 West College avenue, was the victor in the 18 hole tournament for women that was played at Nichols Park course yesterday. Mrs. Moriarty made a total score of 107, which minus her handicap of 24, left her with a net of 83 for the 18 holes, or an average of about 4.5 strokes for each hole.

There were 22 women entered and the course was in excellent shape for the contest.

SHARP REACTION IN STOCKS YESTERDAY

FINANCIAL.
 Day's total sales \$06,200
 shares.
 Twenty industrials averaged
 \$8.40; net loss .98.
 High 1923 — 105.38; low
 88.40.
 Twenty railroads averaged
 77.97; net loss .97.
 High 1923 — 90.63; low
 77.97.
 Total sales par (value)
 were \$11,001,000.

NEW YORK, June 29.—An-
 other sharp reaction in prices
 took place in today's stock mar-
 ket. Overnight accumulation of
 buying orders imparted a firm
 tone to opening operations but
 this buying power soon exhausted
 itself and professional specula-
 tors for the decline had little dif-
 ficulty in bringing about reces-
 sions thruout the list. Lower
 commodity prices, establishment
 of low records for the year by sev-
 eral of the foreign exchanges in-
 cluding Sterling and stiff money
 had also aided the bear campaign.
 Industrial averages again estab-
 lished new low records for the year.

Short selling centered at first
 in the independent steel shares,
 Bethlehem dropping four points
 to a new low record for the year
 and being followed into new low
 ground by Republic, Vanadium,
 Midvale, Sloss-Sheffield and Su-
 perior Steels. U. S. Steel com-
 mon offered better resistance but
 finally sagged to 90 1/4, a new low,
 and then rallied to 90 3/4 where it
 was off 1 1/2 on the day. Selling
 of Bethlehem was accompanied
 by reports of new financing and
 a possible cut in or omission of
 the next dividend, but these lack-
 ed confirmation.

Railroad shares which have re-
 cently failed to respond to good
 news also were under sharp pres-
 sure.

Another cut in Mexico crude
 prices and a depressing effect on
 some of the oil shares. Losses of
 a point or more were recorded by
 Pan-American, California Petro-
 leum, Pacific and Producers and
 refiners.

United States government
 bonds, generally improved their
 position, altho the tax exempt 3 1/2s
 which yesterday fell to a new low
 eased again slightly.

ing out this plan it will make
s do "double duty" and the
subscriber can turn over all
part of his subscription to the
college and thus have the satis-
faction of making the funds for
the hotel and college both possi-
ble.

Harry M. Capps said that judg-
ing from his experience the only
thing that is necessary is to stick
to the job and he said that he was
glad to devote all possible time to
the project.

Others who spoke briefly, were
Otto Spith, who is one of the
most generous supporters of the
campaign, Charles Fiedler, B. F.
Lane, Harrison King, C. Y. Rowe,
Rev. E. L. Fletcher, E. E. Crab-
tree and Rev. W. E. Spoons.

"It Will Be Done."
Dr. Terry said that good re-
sults were expected from Sunday,
which is known as "gleaning day"
and that without doubt the work
of preparation and solicitation
which has been carried on intensi-
fically for days will bear fruit
generously on Monday and Tues-
day. Midnight Tuesday is set for
the closing of the campaign and
while it is no small task to raise
\$68,000 between the present and
that hour, "it can and will be
done."

M. F. Dunlap was the last team
worker called on. Mr. Dunlap
said that he remembered that a num-
ber of persons who had subscrib-
ed to the hotel stock had said that
they counted it practically a dona-
tion, but he had found that when
approached on the question of
giving the stock to the college,
some of them seemed to have
changed ideas about the worth of
the stock.

Friends Should Help.
"Many people joined in the
hotel project," Mr. Dunlap said,
"and many of them subscribed
more than they really felt able to
in order to help along with an
enterprise that will benefit the
city. Now that there is an oppor-
tunity for using a part of this
stock without further financial
strain upon them, in helping
along another good cause, and I
believe that many of these stock-
holders can be brought to see the
feasibility of the plan."

Continuing Mr. Dunlap said:
"I have been impressed as I have
thought of the busy men who are
serving as team captains and
workers, that their friends as such
should rally to their support if
for no other reason. We who are
identified with this campaign
want to see it succeed and the
friends of the workers should
support them as well as the col-
lege in this campaign work."

Then Mr. Dunlap went on to
say that it is not always fair to
judge just the amount of subscrip-
tions that others should give for
there may be reasons for care-
fulness in their giving about which
the public has no knowledge.
Generally speaking, he said, the
real test is "few words and put-
ting up the stuff."

SHERMAN DORAND HURT

IN AUTO ACCIDENT

While driving near Springfield
last Wednesday night, Sherman
Dorand, formerly clothing mer-
chant here, had a collision with a
car that was parked beside the
road while the owner put side
curtains on it. As it was raining
hard Mr. Dorand was unable to
see the standing car and plunged
into it. He was only slightly hurt
but his companion, Herman Horn,
received bad cuts about face and
hands and is as the result a pa-
tient in St. Johns hospital, Spring-
field.

Roy Robinson of Prentice trans-
acted business in the city yester-
day.

PEORIA ROTARIANS TO BE IN PAGEANT

Miss Mary Matthews Will Receive
Word That Members Will Put
on the Signing of the Declara-
tion of Independence.

Positive word has been received
by Miss Matthews that the Rotary
Club of Peoria will arrive on the
Alton Wednesday morning at
10:40 o'clock will full parapher-
nalia to produce the spectacular
pageant, "The Signing of the
Declaration of Independence" and
the "Spirit of '76" which they
have so successfully produced
several times in Peoria and vicin-
ity. The visitors will stage this
production in the opera house the
morning of the fourth free of
charge in keeping with their usual
patriotic characteristics.

The morning celebration will
start with a band concert on the
north side of the square from 9
to 10 o'clock. This will be fol-
lowed by the Patriotic tableaux
which has been arranged by Miss
Matthews. The order of forma-
tion on the stage on the north
side of the square for the tableau
will be:

The American Indians of the
four tribes of Revolutionary
times acted by the members of
Delaware Tribe Imperial Order of
Red Men.

Period of 1823. The Monroe
Doctrine in pantomime accom-
panied by the reading of the Doc-
trine which will be staged by the
Knights of Columbus.

Period of 1861, represented by
the G. A. R.

Period of 1898, by members of
the United Spanish War Veterans
with uniforms and arms of that
period.

Period of 1918, by the Ameri-
can Legion in uniform and under
arms.

Present Day Soldiers, repre-
sented by the local howitzer com-
pany in command of Captain W.
R. James and will consist partly
dismounting and mounting field
piece.

These will be followed by six
former war nurses in uniform
who will take the stage, three
coming on from each side.

The Boy Scouts will assist in
passing programs and in various
ways and will take their position
on the stage prior to the entry of
the other bodies.

After all have taken their
places a community sing will be
held under the leadership of Her-
bert Littler at which will be sung:
America.

Star Spangled Banner.

At the singing of the National
Air the howitzer company will
perform the ceremony of raising
the flag after which closing pray-
er will be offered.

In the meantime the Peoria
Rotary club will be preparing for
the pageant in the opera house
which will follow immediately at
the close of the outdoor exercises.

Those in charge of the pageant
have asked that a request be made
to the slightly careless who may
be in the audience that the prop-
er respect be shown when the
National Air is being played and
the flag raised. All men should
not fail to uncover at that time as
it not only shows proper respect
but will eliminate remarks from
others who have not been quite
so careful of the proprieties, dur-
ing this solemn ceremony.

SPOONTS WILL ATTEND

INTERESTING CONFERENCE

Rev. W. E. Spoons of this city
will leave shortly for Winona
Lake, Indiana, where he will at-
tend the Christian Citizenship
Conference that will be in session
there July 1st to 8th. The con-
ference is called by the National
Reform association and will make
a study of world problems and
their solution by Christian work.
Billy Sunday and William Jen-
nings Bryan will hold prominent
places on the program which also
includes many notables of the
Protestant clergy of our own and
foreign lands. Mr. Bryan's
topic is "Loyalty to Country and
to Country's Lord."

WELL KNOWN LOCAL YOUNG PEOPLE MARRY

Miss Verna Smith Becomes Bride
of Jesse M. Massey in Simple
Ceremony Friday Evening.

The marriage of Miss Verna
Smith and Jesse Monroe Massey,
both of this city, was solemnized
at 8 o'clock Friday evening. Rev.
L. P. Pontius, pastor of Central
Christian church, performed the
ceremony at his home on West
College avenue. The service was
a simple but impressive one, the
ring ceremony being used.

The only witnesses to the cere-
mony were Mrs. Mattie J. Smith,
mother of the bride, Miss Lulu
E. Smith, sister of the bride and
Fred German of this city.

Following the ceremony the
bride and groom left for Chicago
for a stay of several days and
upon their return will take up
their residence in this city.

The bride has spent the great-
er part of her life in this city,
having attended the local schools.
For the past several years she
has held the position of trimmer
in the Miller Hat Shop on West
State street. She is a young
woman of charming manner and
has a large number of friends to
wish her well.

Mr. Massey has been a resi-
dent of this city for the past
several years and is employed in
Joy brothers garage. During the
world war he served as an in-
structor in the aviation corps and
since his return to civilian life
has been a mechanic.

Mr. and Mrs. Massey begin
their wedded life with the best
wishes or a large number of
friends.

AVIATOR HERE FOR

TRICK FLYING

C. R. Sinclair, Detroit aviator,
arrived in the city yesterday for
two days of flying with Gay Hut-
son, local airplane dealer. He
has for the past two years been
doing commercial flying, such as
aerial photography and advertis-
ing, in Michigan and Indiana, and
is a member of National Aeronau-
tical association and Detroit Fly-
ers club. He began his career in
1915 and was an instructor in
army flying during the war. He
flew to this city in what is prob-
ably the largest plane that has
ever been seen here. Gay Hutson
has arranged for two other planes
and a pilot, R. W. Mack of Peters-
burg. The three, Sinclair, Mack
and Hutson, will do trick flying
today and tomorrow and will take
up passengers. The landing field
is on the Pat Dowling farm, two
miles east of the city on the hard
road. A good crowd is expected
to see the flight and take a look
around the clouds with the bird-
men.

CAMP MOTHER TO

CAMP WITH GIRLS

In a previous article it was not
stated that a camp mother will
accompany the social service
league girls when they camp on
Meredosia bay next week, such
will be the case however. The
name of the lady who will act in
that capacity has not been an-
nounced as yet.

A great deal of credit for the
trip is due the ladies of the Amer-
ican association of College and
University Women, and the Busi-
ness and Professional Women's
club, who donated a large part of
the funds on which the camp will
operate.

RETURNS FROM VISIT

IN INDIANAPOLIS

Miss Susie Lynch returned
home last Monday evening from
Indianapolis and vicinity having
been gone two weeks. She was
a delegate from the Mt. Emory
Baptist church to the National
Sunday School Congress which
was held in that city.

More than two thousand were
in attendance from as far west
as Oakland, Calif., and as far
east as Pennsylvania. One of the
finest and most instructive gath-
erings were held by the Congress
of Sunday School Workers was
held to offer.

CLINIC HELD AT

OPEN AIR SCHOOL

A regular session of the Diag-
nostic School Clinic was held at
the Josephine Milligan school yester-
day morning beginning at 9

ining physicians.

WILL OPEN PHARMACY

J. L. Proffit yesterday leased
the store room at 218 South Main
street and expects to open a
pharmacy there. The new estab-
lishment will be ready for busi-
ness at a date several weeks in
the future which will be announ-
ced at a later time.

Mr. Proffit some years ago
was the proprietor of the Proffit
House in this city and more re-
cently has been a resident of
Springfield.

ATTRACTIONS FOR CHAUTAUQUA OF 1923

Excellent Program Prepared for
This Year's Community Band
Will Have Prominent Place on
Daily Programs.

Rev. W. E. Spoons, secretary
of the Jacksonville Chautauqua
board, announced the major por-
tion of the chautauqua's program
yesterday. There remain a few
vacancies on the program to be
filled and Mr. Spoons said that it
is likely the local talent may be
asked to fill them.

The program, including as it
does an admirable mixture of the
serious and amusing, will doubt-
less meet the favor of all who at-
tend. Mr. Harold Lovejoy, who
made himself so well known by
his numerous concerts last winter,
will act as platform manager, and
soloist with the community band,
which will hold an important
place on the program. Director
Johnson has been drilling his
musicians much of late and they
have mastered some of the most
difficult music extant.

The dates of the various numbers
were not announced yesterday but
will be forthcoming soon.

1. Jacksonville Community

band—Arnold Lovejoy, soloist.

2. Apollo Concert Co., featur-
ing the Apollophone, an instru-
ment especially designed for them.

3. Barradell Light Opera Co.

4. Brown Jubilee Singers.

5. Neapolitan Serenaders, sing-
ing the street songs of Naples and
some of Italy's classic music.

6. Harp Ensemble Co., three
harp, cello, violin Clara Louise
Thurston, famous harpist in com-
mand.

7. Vierra's Hawaiians, featur-
ing "A Night in Hawaii," with
special scenic and lighting effects.

Magician.

UNITY WORKERS OF

WOODSON CHURCH MET

The regular meeting of the
Unity Workers of Woodson Pre-
sbyterian church was held Thurs-
day afternoon at the home of Mrs.
William Colton in Woodson. The
program of the afternoon includ-
ed several musical numbers and
readings, but the greater part of
the time was spent in laying
plans for July activities.

The committee in charge of the
July plans includes: Mrs. Sadie
Butler, chairman; Mrs. S. J.
Leach, Mrs. J. H. Devore, Mrs.
Carl Gordon, Mrs. Jack Stein-
metz and Mrs. William Colton.

The society is planning to
serve lunch on July 4th, in Col-
ton's hall. A large crowd is ex-
pected that day, as it is the wind-
up of the merchant's gift cam-
paign. The plans were also made
for the serving of a 6 o'clock
dinner on July 12. This will also
be served in Colton's hall and an
attractive menu is being planned.

A very pleasant social hour
came to the close of the business
session, and at this time the
hostess served dainty refresh-
ments. Guests present were:
Mrs. George Morrow, Mrs. Lloyd
Darwent and Miss Marguerite
Steinmetz.

BARN BURNS ON

OREAR FARM

Fire destroyed a large hay and

straw barn on the farm of George

Orear eight miles east of this

city Thursday night. Luckily the

barn was empty at the time and

the cause of the blaze cannot be

ascertained, being first noticed

about 7:30 o'clock. Although

several neighbors ran to the fire

it was impossible to do anything

to save the building.

PETER ROBARGE DIES IN CHICAGO

Former Resident Passes Away —
Was Employed at C. P. & St. L.
Shops.

Mrs. Henry Klotz received a
message yesterday announcing the
death of Peter Robarge at his
home in Chicago. Mr. Robarge
was for many years a resident of
this city and was employed at the
C. P. & St. L. shops. Funeral
services will be held in that city
and interment made there.

WAVERLY RUNAWAY WRITES TO PARENTS

The parents of Earl Teale,
Waverly young man who mys-
teriously disappeared recently,
received a letter from him, writ-
ten in Hannibal, Mo. The letter
which was in the youths hand-
writing, read, according to the
Sheriff's office, as follows: "Am
in Hannibal, Missouri, and when
I leave here I'm gone. Don't
worry about me." The boys
parents had been quite anxious
over his disappearance and har-
bored the thought that he had
met with foul play. Officials
had been looking for him since
Wednesday. The young man is
travelling in a Ford roadster and
so it is thought that if efforts are
taken to have him detained they
will be successful.
